PRACTICE ON CANTATA

The choir of the Third Street M. E. Church had its first rehearsal of the Christmas cantata to be given Sunday evening preceding Christmas, on Monday night at the home of J. H. Richardson. The title of the cantata to be given is "The Light Eternal" by H. W. Petrie. It is one of the popular Lorenz cantatas that this choir has given on several occasions. This is a new one and gives promise of being one of the best yet given. A chorus of about twenty, accompanied by piano, cornets, trombone and other instruments will give it. The choir will put in its best work from now on in order to make it a great success.

WANTED

Copies of the Ledger, date September 4, October 17, and 23. Bring to this office.

NEW YARD ENGINE

Mr. W. W. Shelton, road foreman of engines of the C. & O. railroad, was in this city yesterday instructing Mr. E. A. "Pig Iron Kelley" Lyman, the whys and wherefores of a new yard engine for Maysville. The engine is thoroughly up to the minute and contains the very latest appliances. The number of the engine is 44 and the local crew is certainly proud of their new engine.

Rev. S. K. Hunt of Wall street left yesterday for Augusta, Ky., where he will assist in a two weeks' revival. He will be present at the regular services on next Sunday.

Miss Anita Newdigate of Sixth street left yesterday morning for Richmond, Ky., where she will take a five months' course in the Eastern Kentucky Normal School.

ATTRACTIONS

For the Maysville Tobacco Fair and Corn Show in the Liberty Warehouse This Week Will Be Many—Valuable Prizes.

The plans for the Maysville Tobacco Fair and Corn Show to be held in the Liberty Warehouse on Commerce street the latter three days of this week have about been perfected and little remains to be done except to advertise the fair and prepare the exhibits.

A large number of men were busy yesterday traveling over the surrounding country advertising the fair. The huge posters, which were printed in the Ledger office, are being distributed all over the county and other surrounding counties. Advertising is being placed in West Union, Ohio, and other places equally distant. The managers of the fair realize that advertising will bring the crowds and they are doing a great deal of this work.

The enthusiasm for the fair is at a veritable fever heat, and thousands of people are expected to come from all over this section of the state to see the fair. The entries for the various exhibits are open to the world and a large number of exhibits will be shown. Already a number have arrived.

Exhibits will be received at the Liberty Warehouse as follows: Tuesday, November 21 from 2 p. m. to 5 p. m.; Wednesday, November 22, from 8:30 a. m. to 5 p. m.; Thursday, November 23, from 7:30 a. m. to 10:30 p. m. Please enter your exhibit early.

Several attractions will be in the Liberty. A palmetto will be present and several free attractions will be shown. Lucey and Costello, wizards of the violin and accordion will be one of the attractions and Savvy's Acrobatic Bulldogs will undoubtedly attract a large number of persons interested in trained animals.

The warehouse is now being decorated by William Beck & Son of Cincinnati, famous decorators. The interior of the building, when completed by the Messrs. Beck, will be a thing of beauty. Some of the booths have already been decorated and all will have their displays ready by Wednesday night. The local signwriters are very busy arranging signs for the various booths. Nearly all of the booths have been taken, and the remainder will be sold before the fair opens.

The following is a list of additional prizes offered to the school children:

FUNERAL THIS AFTERNOON

ARE COMPELLED TO WALK

Persons coming from Manchester to the Kentucky side of the river for the purpose of catching a train are compelled to walk a mile down the track on account of low water in the river. The ferry cannot land at its regular place and the passengers are the ones to suffer.

As a result of the Win-My-Chum Week service and the hustling of the new pastor, Rev. S. K. Hunt of the Third Street M. E. Church, a large class of new members will be received into the church next Sunday morning. Great preparations are being made to make it a banner day in church, Sunday School and Epworth League.

THOMAS HERRON

Who Had Back Broken at the Bates & Rogers Construction Camp Last Week Dies at Hayswood Hospital Last Night.

Mr. Thomas Herron, who had his back broken while working at the Bates & Rogers Construction Camp just east of the city last week, died at the Hayswood Hospital last night at 12:25 o'clock.

Mr. Herron was working near a large smokestack on the day of the injury. In some manner the smokestack fell and Mr. Herron was caught under it. When the large stack was removed he was found to have suffered a broken back. He was hurriedly removed to Hayswood Hospital where he staid until his death.

Mr. Herron was a rather young man being only 35 years of age. He had lived in this city for about four years, coming here with his family from Lewis county. He had worked on the Lock and Dam No. 33 all summer. He leaves a widow and two children and one brother.

The funeral will be held from his late home on West Second street Thursday morning at 10 o'clock. Burial will be made in the Maysville Cemetery.

LOVE OF FAMILY

When Bryan was secretary of state, he had his son appointed to a position in the department of justice and his son-in-law to one in the treasury department. McAdoo has put two of his sons on the government roll. A place for Secretary Daniel's brother was made in the department of justice. For a while D. C. Roper, first assistant postmaster general until recently, had three members of his family at the government feed trough. Speaker Clark's son has been given a \$4,000 sinecure. A son of Senator Overman of North Carolina holds a \$2,500 government job and his daughter a position that pays \$1,440. The wife and the brother of Senator Gore of Oklahoma are in Uncle Sam's pay. A son of Senator Tillman is on the Alaska railroad commission. Senator O'Gorman obtained the fat office of collector of the port of New York for his son-in-law. A son of Representative Pan of North Carolina drew \$1,600 a year while a student at college for doing nothing at all for the government until someone—not a Democrat—raised an objection.

So it runs all the way through congress and the administrative offices. Some Democrats have provided for four or five relatives some for only one or two—probably lacking cousins or uncles or grandfathers who wanted jobs.—Toledo Blade.

WHY SUGAR PRODUCERS PROSPER

The Department of Commerce has issued a statement showing great activity in the sugar beet industry as evidenced by recent heavy importations of sugar-beet seed which we cannot successfully produce in this country. The figures show that in nine months of 1916, we imported 18,500,000 pounds of seed. It is worthy of note, however, that during the entire year 1915 when the sugar beet growers expected sugar to go on the free list as the Democratic Congress had decreed that it should, we imported only 4,000,000 pounds. The European war, which shut Germany off from the market for her sugar, gave us a market that revived the industry.

WHEN GOLD IS A MENACE

There seems to be much misunderstanding as to the reason why large banking interests are concerned over the abnormal amount of gold in this country. It is not the amount of gold that causes anxiety. It is the fact that the gold has been shipped here because of abnormal trade conditions. The influx of gold has caused inflation. When the abnormal conditions end, the flow of gold will be outward, and there will be contraction. A large increase in gold would be desirable under sound economic conditions—it is a menace when we are confronted with the danger of rapid withdrawal after the abnormal support has been withdrawn.

The most serious aspects of the high cost of living are still ahead of us. Our exports of wheat and flour have been so heavy, in proportion to our domestic supply, that we had on November 1 a reserve estimated at only 88,000,000 bushels, whereas the usual reserve supply is about 90,000,000 bushels. We shall have plenty to eat, but we shall pay well for it.

We have a revival of the question. "What is the matter with Kansas."

STATISTICS SENT FROM NEW YORK PROVE AMERICA IS FURNISHING HALF OF ALLIES' AMMUNITION

Berlin, November 19—Few things have made a deeper impression on German public opinion than the publication in the Lokal Anzeiger of statistics purporting to prove that the United States is furnishing practically half the ammunition discharged by the French and English against the sons of the Fatherland.

"The supply of war materials furnished by the United States to the enemies of Germany daily is taking on larger proportions and is now 50 percent of the value of the total exports from the port of New York, which represents half the total exports of all American ports made up of war materials," says the newspaper.

"The total of half the New York exports, according to September customs figures, which were made in the declarations, is \$270,000,000. Of these explosives, hand grenades and shells amounted to \$70,000,000, smokeless powder to \$70,000,000, and various items of ammunition \$10,000,000, a total of \$150,000,000. In addition to these items of death-dealing instruments, the involves include war and destructive tools directed against Germany to the value of many millions more. This statement includes statistics from Philadelphia, Boston, Newport News and Bridgeport."

To the mind of the average layman in Germany, who is often the soldier in the front trenches, this question of the supply of death-dealing instruments to the enemies of Germany is the crux of the whole war situation. The Teutonic mind is simple and cannot understand why a "neutral" people, declaring themselves to be eager to end the war, continues to supply practically half of the instruments to enable one set of belligerents to continue the war.

TRAIN WRECK KILLS 159 IN MEXICO, REPORTS SAY; CARS ROLL OVER A CLIFF

Laredo, Texas, November 19—One hundred and fifty-nine persons were killed and many more or less seriously injured in a railroad wreck on the Inter-Oceanic Line to Vera Cruz, between Dehesa and San Miguel, near Jalapa, November 12, according to reliable reports received here tonight. The wreck is said to have been due to the engineer running at too high a rate of speed over a dangerous part of the road.

According to this information all but one of the five cars of the train left the track and rolled over a cliff. The passengers were literally ground to pieces. No Americans were among the dead, it was said.

Among the killed are said to have been a widow and her seven small children.

DIRECT PRESIDENTIAL VOTE TO BE URGED

Portland, Ore., November 19—Senator George E. Chamberlain, who left tonight for Washington, announced that at the coming session of Congress, he will introduce a proposed constitutional amendment, providing for the election of a President by direct vote of the people. His intention, he said, is to get the amendment under way promptly so that it may be acted on by Congress, and, if adopted there, by the legislators of the various states in time to become effective for the next Presidential election.

Senator Chamberlain, who is chairman of the Senate Committee on Military Affairs, said he would also at the coming session put forward a measure providing for universal military service.

REFUGEES TELL OF OUTRAGES

El Paso, Texas, November 19—An unidentified American was killed when a Villa band took Jimenez and four Americans were seen under a guard of bandits at Parral during Villa's occupation of that town, according to reports believed by federal agents to be authentic, brought to the border by refugees. Refugees state further that the district between Parral and Jimenez has been cleared by Villa's followers of more than 200 Chinese.

The American killed at Jimenez was described as about 60 years old and known to be from Torreon, on his way to Chihuahua City. He was murdered and his body lay for some time in front of the building, when after being robbed of clothing and valuables, it was placed on a bonfire.

The same refugees who claim to have been witnesses of the outrages say also that two Mexican women who had married Chinese and their five half-breed children were found and thrown alive into the fire and cremated in sight of the crowd. The bodies of seven murdered Chinese, according to the same authority, were seen in the streets of the town.

Two Mexicans who escaped from Parral affirmed that they saw four Americans there under a Villa guard, was that the bodies of thirty-five gypsies of both sexes were seen on the roadside near Parral, murdered and robbed by Villa bandits. The gypsies are believed to be of Syrian origin.

All foreigners that Villa has caught except the Japanese and Germans, have been put to death, the reports agree.

CAZAR'S LOSS SINCE JUNE ESTIMATED AT \$128,474

Berlin, November 19—According to the central identification office of Kiev, Russia, says the Overseas News Agency, the number of Russian casualties since June 1, 1916, has reached 100,621 officers and 2,027,853 men.

Among the soldiers who recently have fallen, according to the same source, are one General of brigade, four Colonels and four Lieutenants Colonels in command of regiments.

It is apparent from the recent Russian late, the Overseas Agency says, that part of the Russian forces on the Caucasus front have been sent to the European war theater.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. Della Luneford, 328 E. Front street, Maysville, says: "I think kidney trouble came from a strain in my case. I had sharp, shooting pains through my kidneys and a dragging down feeling through my hips. I had dull headaches and dizzy spells and often if I hadn't caught hold of something for support, I would have fallen. It finally began to notice symptoms of dropsy. My feet began to swell and at times my hands were the same way. Doan's Kidney Pills cured me."

EARLY END

Of Border Power Is Now Promised—Secretary Lane Is Assured of Administration's Approval of Mexican Commission's Efforts.

Washington, November 19.—Armed with President Wilson's complete approval of his course, Secretary Lane will return to Atlantic City tomorrow determined to bring the sessions of the American-Mexican joint commission to an early conclusion. He is still hopeful that an agreement as to the border situation can be reached, but it was indicated clearly today in official circles that the joint conference is entering on its final phase, agreement or no agreement.

If the commissioners find it impossible to formulate a plan, the view taken here will be that the prospect of settling border disputes through diplomacy will be remote. Officials make no predictions, however, as to what steps the Washington Government might find it necessary to take in that event to insure the safety of border towns and ranches.

Commission Is Supported

Secretary Lane is understood to have found President Wilson, Secretary Lansing and Secretary Baker in full accord with him on every point when he laid before them last night in a three-hour conference at the White House a review of the efforts the American commissioners had made to reach a settlement. Every step proposed by Mr. Lane in behalf of his colleagues was approved by the President and the Secretary returned to his task backed by the unwavering support of the administration in whatever course has been mapped out.

It is an open secret that Luis Cabrera, Carranza Minister of Finance and president of the Mexican commission, has proved the stumbling block in the way of reaching an agreement. Commissioners Bonillas and Pani, it is said, have been ready to approve several different suggestions for co-operative action. Cabrera, however, held out for control of any point operation by a Mexican military commander, a concession the American commissioners did not feel warranted in making.

Double Patrol Prohibit

It is believed here that the American commissioners have now abandoned the effort to frame an agreement satisfactory to the Mexicans in every detail and will renew tomorrow their original suggestions that each Government patrol its own side of the line independently, but with the understanding that American troops will pursue into Mexico on a "hot trail" and bandits who attack border towns. Coupled with that suggestion, presumably, was the statement that General Pershing's forces would be withdrawn gradually from Mexico, and that no large force would be sent across the

line again unless the de facto Government permitted raiders to assemble in such forces in Mexico that a strong expedition was necessary to prevent a serious attack.

Army officials believe that the American expeditionary force soon will be moving toward the border, regardless of the turn events may take at Atlantic City.

Americans Escape Parol

Official advices from the border today indicated that all of the Americans at Parral had made their escape and will soon arrive in Nogales, Ariz.

The advices indicate that the Villa forces are not in actual possession of Parral, Jimenez or any of the other towns in that region which border reports have said they control. The fate of the Chinese and other foreigners besides Americans in the vicinity where the bandits are active is not known definitely, and it is believed several Chinese might have been killed.

HOBSON PREDICTS GAIN FOR DRY IN HOUSE — BELIEVE OHIO WILL ENTER PROHIBITION RANKS.

Portsmouth, Ohio, November 19.—Captain Richmond P. Hobson addressed a meeting here today in the interest of the dry cause, advertised as the opening gun in Ohio for the cause of nation prohibition. Judge A. Z. Blair presided.

Hobson predicted a gain for the dry in the complexion of the newly elected National House of Representatives, but did not claim the necessary two thirds vote for submission of the Hobson amendment. However, he asserted that 40 States Legislatures are dry and that the 34 states necessary to propose the amendment would be forthcoming should the next Congress fall to act. This would be the first time in the country's history, he said, a constitutional amendment had been so proposed. Failure of either method, the speaker said, would make national prohibition the paramount issue of the 1920 national campaign.

Both Hobson and Blair predicted Ohio would go dry next fall. Introducing Hobson, Judge Blair quoted twice from Sunday's Enquirer to prove his connection that the tendency of the times favors the dry cause. He alluded to Bryan's Indianapolis speech commending prohibition to the Democratic party, and again to The Enquirer's weekly Kentucky letter in which a wet and dry election is forecast for that state next year.

Hobson disagreed with the Bryan plan to have national prohibition come although espousal of the dry cause by the Democrats, but said it would be brought by joint action of the two older parties, two thirds of each of which he claimed are dry.

FLIGHT RECORD MADE BY WOMAN MISS RUTH LAW FLIES FROM CHICAGO TO HORNELL, N. Y., WITHOUT STOP

Binghamton, N. Y., November 19.—Attempting a non-stop flight from Chicago to New York, Miss Ruth Law, guiding a Curtiss biplane of the military scout type, shattered all American long distance aviation records for a single flight today, when she flew from Chicago to Hornell, N. Y., a distance by railroad of about 660 miles, bettering by about 100 miles the record made by Victor Carlstrom November 2.

A delayed start and a cross wind that cut down her speed and forced her to reseed to replenish the gasoline supply, were responsible for her failure to reach New York City, Miss Law said after her arrival at Binghamton this afternoon at 4:20 o'clock. Previously today, Miss Law never made a single flight longer than twenty-five miles.

Miss Law covered a distance of about 785 miles in six hours and fifty minutes, time being deducted for the descent at Hornell. The first 662 miles, the distance by rail between Chicago and Hornell, was made without a stop.

Miss Law left Chicago at 8:25 o'clock this morning, Eastern time. At the outset of her flight a strong wind blew toward the East. Aided by this she made an average speed of 100 miles an hour at an altitude of about 6,000 feet. During the last 200 miles, before the stop at Hornell, a sharp cross wind blew, with the result that her gasoline tank was soon empty. She glided into Hornell at 2:07 o'clock this afternoon.

After replenishing her supply of gasoline Miss Law flew the remaining 117 miles to Binghamton without mishap. Here darkness overtook her and she was forced to descend. She intends to continue to New York tomorrow morning, making the start at 7 o'clock.

Miss Law's experience has been gained wholly in short exhibition flights. Her flight today was held under the auspices of the Aero Club of America.

SECOND INAUGURATION WILL BE SIMPLE AFFAIR

Washington, November 19.—President Wilson's second inauguration probably will be a comparatively simple affair. While he has not discussed details with his advisers he is known to desire that there should be no little ceremony as possible.

It is accepted as certain by officials that there will be no inaugural ball, in spite of the hope of Washington citizens for such an event.

We had supposed the fly-swarming campaign of previous years tended to render anything of the sort now superfluous.

AUSTRIA DOUBTS

The Changes of Peace Overture—Vienna Interested, However, in Reports of Wilson Plan and Willing to Treat for Agreement—Entente Position Is Urged As Obstacle.

Vienna, November 17, via London, November 19.—Interest in the announcement received in Vienna that President Wilson intends to take concrete action in behalf of peace, continues unabated, though in many Austrian circles the view is held that the attitude of entente powers will render Mr. Wilson's good offices futile.

It is argued in government circles and in the press that so long as the entente nations adhere to the program recently reiterated by Premier Asquith and Viscount Grey, there is really no occasion for Austria-Hungary to show great intense government officials asserted that the war objectives were not discussable.

This aspect, it is pointed out in government circles, could be changed only by a readiness of the entente to proceed from a quite different basis. With the entente willing to discuss peace on terms of the re-establishment of pre-war conditions, so modified as to take into account the Central Powers' interests that have suffered Austria-Hungary's attitude might be expected to change.

Entente Position Attacked

As the matter stands, certain government circles hold that little can be gained by declaring a readiness to meet the entente on a peace preliminary so long as the entente has failed to indicate that it would be content with much less than shown in the recent speeches made in London. It is felt by Austrian officials that the acceptance of an invitation for such a conference with the entente holding off for a program which is little short of the total annihilation of the Central Powers and their allies, would be equal to acknowledgment that the Central Powers were ready to secure peace on any terms.

While President Wilson's good intentions are not doubted in the least and while his offer might be accepted gladly, it is pointed out that the Entente Powers would gain undue and unjustified encouragement if Austria-Hungary were to pit its own modest claims against those of the Entente still seeking the dual monarchy's dismemberment.

There is no doubt in the minds of Austrians in a position to know that the Central Powers are ready for negotiations, but nothing short of the conditions outlined in the foregoing would induce them in the present military situation to join a conference such as is understood here to have been proposed by President Wilson.

The second installment of Austrian press comments mirrors this strongly.

Report Unfounded

Washington, November 19.—It is assumed in official circles here that Austrian discussion of the prospects of peace by President Wilson is based upon some unfounded rumor reaching Vienna or upon a misinterpretation of one of the President's speeches during the campaign advocating a world league for peace to make another such war as that now raging in Europe impossible.

The President, it is understood, has not changed his opinion that any action by him, at the present stage of the European conflict would be ill-timed and futile unless the belligerent nations indicated that it would be welcomed and it is stated authoritatively that no immediate step is in contemplation.

BRYAN SAYS HE IS NOT YET DEAD POLITICALLY

Indianapolis, Ind., November 19.—William Jennings Bryan in addressing the National W. C. T. U. convention here today, said he was not dead politically, but asserted he is "in politics with both feet." He said he was in favor of national prohibition.

"I love my party, and because of my love for it, hope and feel that it will be a 'dry' Democracy," said Mr. Bryan. He said further that in spite of his desire to see national prohibition come through Democratic influence, his prayers for a nationless nation extended beyond party lines and that he would not necessarily await the triumph of the prohibition cause through the Democratic party, but would welcome a dry nation through the Republican party. He also asserted the trend of circumstances of the last few years were such that he was hopeful of a constitutional amendment perhaps as soon as 1920.

The convention sermon was delivered in the afternoon by Mrs. Stella E. Irvine, of Riverside, Cal., who asserted the liquor traffic is doomed.

France has 90,000 women domestic servants.

KENTUCKY REPUBLICANS URGED BY CALED POWERS TO TAKE STAND FOR PROHIBITION

Washington, November 19.—In a statement given out here today Representative Caled Powers, of Kentucky, who was re-elected to Congress November 7, calls upon the Republicans of that state to make statewide prohibition their rallying cry in next year's campaign.

The statement is as follows: "There is a fight to the death in the Democratic party in Kentucky between the wet and the dry forces. The Republicans cannot afford to take the immoral side of a moral issue. The race for United States Senator takes place in Kentucky next year. If the Republicans next spring, in their State convention, will take a stand for statewide prohibition, and if a United States Senator is nominated thereon, the Republicans ought to carry the State next fall. I base this conclusion on the idea that the machinery of the Democratic party in the state is doubtless will nominate a wet candidate for the United States Senate."

E. P. Morrow, of Somerset, who made the race for Governor against A. O. Stanley, is being mentioned for the Senator nomination, but it is probable he will run again for Governor, as the general opinion among Kentucky Republican leaders is that he is most available for that race.

IN OUR great-grandfathers' time many New England families had a cask of rum in the cellar.

It was freely offered to guests (except children) and freely partaken of, even as coffee is today.

This old-time custom gradually passed out of existence, for our forefathers recognized it was harmful.

Another old-time custom—coffee drinking—is slowly passing in the same fashion and for the same reason.

The abandonment of coffee drinking is made easy nowadays by the use of *Instant Postum*, the pure cereal beverage with the coffee-like taste.

Unlike coffee, this purely American table drink contains no "caffeine" or other harmful substance.

Postum is now used daily in tens of thousands of the best of American homes where reason rules and health is valued.

TELL THE KIDS; MOVIE TICKETS

Here's a Plan For Mothers to Keep the Youngsters Busy and Interested—Clip Ledger's Coupons.

Mother has it occurred to you that the Ledger is offering you a way to keep Junior or Susie or Billy quiet for a while or if not quiet then interested. Surely it has if you have been reading about the Ledger's trading stamp plan. If you haven't then you'd better pay close attention now for you are about to be told.

Yesterday the Ledger started printing coupons, which will be in the paper every day from now on. One of these coupons from the daily Ledger is good for one trading stamp. At the end of the week, if you save the coupons from the Ledger every day you will have six coupons good for six stamps.

Now, here's the point—These are not ordinary trading stamps. They can be exchanged for movie tickets, merchandise, premiums or cash. But it takes 25 coupons to get one movie ticket. Therefore put the kids on the trail of the coupons, and if you can get one Ledger a day—some families get two—let the kids scour the neighborhood for old Ledgers and clip the coupons out of them.

See the point? In brief you get six coupons a week from your own Ledger. If the families on each side of you save their Ledgers for you, and they will if the kids ask them too it means a movie ticket each week.

And if you get the whole neighborhood to boosting and saving Ledgers why, think of the movie parties the kids can have. Maybe they'll take you if you're good.

And don't forget, if you haven't any kids, or if the kids are grown up now, the coupons will bring you merchandise premiums or money if you save them regularly.

Then here is another point to consider—

Many progressive merchants are going to give away the same kind of trading stamps—MUTUAL MOVIE STAMPS—they are called. You can get them at these stores as well as from the Ledger. That makes them come faster.

Watch the Ledger closely for further details of the plan. Its the greatest proposition ever offered you by any newspaper, and remember what you have been told today—

That the coupons will appear in each edition of the Ledger beginning today. Each coupon is good for one Mutual Movie Stamp. When you have enough of these coupons to make it worth while you may bring them to the Ledger office and exchange them for the stamps will be glad to make the exchange for you.

On a card provided for this purpose paste 25 of these "MUTUAL MOVIE STAMPS" and the card will admit you to the movies. One card admits to a five cent theater and two cards to a ten cent admission the same as if you paid cash.

Each card is good for five cents. Merchants who appreciate your continued patronage will be glad to give you "MUTUAL MOVIE STAMPS."

By Going to Hear Marcus Kellerman, World Famous Baritone at the Washington Opera House Tonight—Program For the Evening.

Marcus Kellerman, world famous baritone, will render one of his recitals at the Washington Opera House tonight beginning at 8 o'clock. Mr. Kellerman will be assisted by Miss Lucille Janovitch, violinist and Nicolai Schmeer, pianist.

Marcus Kellerman is one of the leading singers on the stage in America today. He is thoroughly in accord with the stage work and prefers it to the opera singing. He is the founder of the Kellerman Institute of music at New York and Brooklyn, one of the best institutions of music in the United States. His programs always please and he has a large number of admirers wherever he has gone.

Miss Janovitch, the violinist of the company, will accompany Mr. Kellerman in several of his selections. She is said to be one of the most talented violinists in the country and her portion of the program will undoubtedly please the audience. Mr. Schmeer, the pianist, will play several piano selections.

The program for the evening's entertainment will be as follows:

I.
Prologue to "Pagliacci" Leon Cavallo M. Kellerman.

II.
Polonaise.....Vientemps Lucille Janovitch.

III.
(a) Dri Dri Wanderer.....Hans Hermann

(b) At Dawning.....W. Cadmen
(c) If I Were a Rose.....Ed Hesselbach
(d) Danny Deever.....Walter Danorash M. Kellerman.

The concert is brought to Maysville through the efforts of the Mason County Health League to gain funds whereby the organization will be enabled to purchase an auto for the health nurse. A large part of the money has already been subscribed for this most worthy cause and those in charge of the arrangements for the evening's concert feel that they will take in enough to finish the sum needed.

The health nurse in this county has long needed an automobile with which to get around more quickly. The nurse, Miss Kellogg, visits a large number of families each week and her visiting powers could be increased wonderfully. She could cover a large amount of territory each week and do a great deal more to alleviating suffering among the poor of the city and those unable to care for their sick.

The people of Mason county have long been known for their warm hearts and their willingness to help those in inferior circumstances. They should all rally to the cause and help out the Health League in this work. Show that you appreciate the work of the league by attending the concert tonight. The entertainment will begin promptly at 8 o'clock.

HERE 'TISI WHY HUGHES IS SILENT

Washington, November 19—Charles E. Hughes's congratulatory message to President Wilson is being withheld, according to a report current here today, until the lawyers comprising Chairman Wilcox's legal cabinet determine whether a national banker is a "person holding an office of trust or profit under the United States." The application of an opinion on this question to the result of the election is that several Democratic Electors are national bankers.

According to this report, which is given for what it may be worth, the lawyers who are advising the National Committee are not quite determined about the status of national bankers and, in common with the political managers who are not quite such keen lawyers, are dubious in the election of some of the Wilson Electors on technical grounds.

If the recent in California showed that the state had given its electoral vote to Hughes he would have a majority. If the Chiffonit vote stands as first reported, as present figures appear to portend, the results of the election might again be jeopardized. It is stated, if all the national bankers who are Electors were subtracted from the Wilson total.

Mrs. C. L. Wood of Front street is spending a few weeks in Martinsville, Ind., for the benefit of her health.

Mrs. M. C. Daly returned to her home in Cincinnati yesterday after a visit with relatives in this city.

NOT PROPERLY LABELED

Was the Whiskey Sent to This City For Officer Bloomhoff and George Dale Is Held Over to the Grand Jury.

In Squire Fred W. Bauer's Court yesterday George Dale, a barkeeper of Ripley, was held over to the Grand Jury for transporting liquor into local option territory without being properly labeled. His bond was placed at \$100.

Several days ago Officer Bloomhoff a member of the local police force, ordered a quart of whiskey from Dale at Ripley and asked him to bring the same to him. According to the testimony brought out by the prosecution, Dale gave the whiskey to Mr. Winder of Plumville and asked him to deliver same to Bloomhoff. Winder promised to do this and upon his arrival in Maysville went to the Whitehall Hotel where he telephoned Police Headquarters and asked Sergeant Walsh to notify Mr. Bloomhoff to call for his whiskey. Chief Mackey heard of this and going to the hotel confiscated the whiskey and had a warrant sworn out for Dale.

The defense brought out the fact that the whiskey was given to Winder in Ripley. Dale stated that upon receiving the order he filled it at once and then asked Winder to bring it to Maysville. Winder put the same in his grip.

This is the case that created so much stir in Police Headquarters last week and caused the resignation of Sergeant Walsh.
